SENIOR CLASS MEETING
TODAY 12:20
ROOM 201 — DANTE HALL

VOL. XXX | SAINT MARY'S COLLEGE, CALIFORNIA, FRIDAY, SEPTEMBER 2, 1932 | Issued Weekly | Number 3

## COMMITTEE MEETS FOR FINAL DECISION ON FRESHMAN HOP

### Lower Division Men Invite Upper Classmen To Yearly Dance

Except for the selection of an orchestra, all plans for the freshman Welcome Dance, which is to be given by the sophomore class, have been completed. This year the dance will be held at the Hotel Oakland on Friday evening, September 9.

The Ivory Court dance floor, supplemented by the Crystal Dining Room and the Red Room, will afford a very large dancing space for the younger social set which attends this prominent collegiate affair in great numbers.

**Saint Mary's Decorations**

A real Saint Mary's College atmosphere will be provided by the management of the Oakland hostelry. Decorations composed of the College colors, red and blue, will be brought out in banners, bunting, and lighting effects.

The dance committee, headed by Harmon Jette, with Robert McKean and Cranson Hopkins as members, will meet this afternoon to make the final selection of the orchestra which will play at the Welcome Dance. Three groups of musicians are now under consideration. They include Franklin Dougherty's orchestra, the group who played at the smoker Tuesday evening; the Feldman-Jacobsen orchestra of Hotel Oakland, and the Leamington Hotel orchestra.

**Upper Classmen Invited**

Members of the upper division will be permitted to attend the Welcome Dance this year. For the past few years this social event has been limited to lower classmen. Bids are one dollar and are now on sale on the campus. They may be secured from Harmon Jette, Ed McSweeney, Bob McKean, Cranson Hopkins, Bill McCann, Jack Purcell, Bill Farrell, and Thomas Twomey.

Due to the reduction in the price of bids, $1.50 having been the price at

(Continued on page 5)

## Rally Committee Is Tentatively Named

### Plan Entertainment For the Grid Season

Members of the rally committee will be definitely announced at the beginning of next week. Although it is not known as yet who are going to comprise the committee, work has already started, and the campaign for entertainment for the rally, to be held prior to the California game, has started, and indicates great possibilities.

**Tentative Meeting**

At the first meeting of the tentative committee, which was held on Monday, the main subject of discussion was entertainment, how much of it was needed, where to get it, and all the other fine points of getting something for nothing.

The rally committee will blossom forth this year in much the same manner as they have heretofore, although there will be a slight difference in the design of the caps and the sweater insignia. Outside of that, they will be much the same as in previous years.

The committee will not commence to act en masse until the night of the California rally, and will operate as a body from then on, governing the rooting sections at the football games, managing all the rallies, send-offs, etc.

The men from which the rally committee will be chosen are:

Ted Parrish, rally chairman. Seniors, Tobin, Buckley, Edelen, Somers, Antonetti, and Botasso; juniors, Kennedy, Hydie, O'Mara, Hendrickson and Kelly; sophomores, McCullagh, Hopkins, Moran, Murray, Smith; freshmen, Hampton, Hemler.

## Deadline Is Set For Oliver Essay Award

One month remains for entrants in the $100 Oliver essay award contest to finish work on their topics and to submit them to Brother Henry, executive chairman of the award contest. Oct. 1 is the deadline set by the award committee.

Brother Henry

The essays should not be more than six thousand words in length and be under the general heading of the subject of "Catholicity and American Citizenship."

**Eligible for Publication**

The winning essay becomes the property of the College and is usually published in the Moraga Quarterly. Presentation of the award takes place with becoming exercises on December 8 of each year in the De la Salle Lounge.

Bartley P. Oliver of the class of 1873, and winner of this year's Moraga Crest, is the sponsor of the award contest which last year was won by Robert J. McAndrews.

## Tea Dance For the Holy Names Women

One of the highlights of the Saint Mary's social season should be in the form of the proposed tea dansant to be tendered by the student body to the College of the Holy Names in partial reciprocation for the dances sponsored by them during the last school year which were given to the students of the College.

**Railton Head**

The executive council placed George Railton at the head of the dance committee and Railton has been busy ironing out the details for the event. Although the assent of the faculty social committee has not as yet been received sanctioning the dance, it is expected that Brother Leo, head of that committee, will answer in the affirmative. The next edition of the Collegian will carry the decision.

**Set For Seventeenth**

Already the orchestra has been selected and Virgil Goldman and his five-piece orchestra will supply the music for the affair. The invitation to the College of the Holy Names is soon to be tendered; the date is set for September 17, Saturday.

**May Be Limited**

It is undecided as yet to whom the dance will be open. Various requests are in favor of limiting it only to the Upper Division students. However, this seems to remain entirely up to the guests, for if a large number is to be expected it will then require the dance to be thrown open to the Lower Division as well, in order to supply ample dancing partners.

Further details of the dance are now being considered by Railton and the committee. Among these are included the serving of refreshments, the decorations to be installed in the lounge.

## *Madigan To Be Guest Speaker At K. C. "St. Mary's Night"*

Saint Mary's students will be the guests of honor next Tuesday night at the annual "Saint Mary's Night" to be co-sponsored by the Oakland and Saint Mary's College Councils of the Knights of Columbus.

The event, which has become a popular affair with the students, will be held at the Oakland council clubrooms at 660 Thirteenth Street. The time set for the evening entertainment is 8 o'clock.

**Madigan Principal Speaker**

"Slip" Madigan, popular coach of the famous "Galloping Gaels" has been scheduled as the principal speaker of the evening, and will probably tell of the prospects for the 1932 football season. Also on the program is the first appearance of the Saint Mary's band this year. Leader Bill Pellitier promises to have a goodly number of his musicians present. Head Cheer Leader Joe Nave will lead the songs and yells, and Jack Tolan, president of the Associated Students of Saint Mary's, will speak.

**Entertainment Galore**

Included in the entertainment will be a piano solo by Al Duffy, and several selections by the football trio who made a hit at the recent smoker held in Madigan gymnasium. Bill Beasley, captain of the varsity fotoball team, will reveal the attitude of the Galloping Gaels toward the approaching season.

All Saint Mary's students are cordially invited to attend this "Saint Mary's Night" at the Oakland Council. Refreshments will be served at the conclusion of the fun.

## Ex Council Holds Heated Meeting

### Financial Worries Confront Student Officials

Discussion of the Rally Committee's functions and the tea dance to be tendered to the women of Holy Names College of Oakland were the high lights of a turbulent Executive Council meeting held Wednesday noon.

Chairman Ted Parrish of the Rally Committee was present and outlined to the council the financial difficulties facing the committee men. Parrish declared that new caps and sweaters were needed by his assistants and called on the council for aid.

After a heated discussion, the matter was tabled until further investigation by Parrish.

George Railton submitted a report on the Holy Names dance and stated that everything was in readiness for the affair, following the selection of Virg Goldman's orchestra.

Treasurer Thomas Cara announced plans for a student body card drive which began yesterday with a stand being placed in the arcade of Dante Hall for the sale of cards. Cara declared that the sale of student body cards this year was not quite up to the mark set last year.

**SAINT MARY'S CLUB**

A meeting of the Saint Mary's Club of the University of California will be held Monday evening, September 12, at 8 p.m. at the Saint Mary's College High School.

Professor Feeny of the Spanish department, founder of this group of Saint Mary's men, pursuing graduate work at California, expects to enroll many new members from last years senior class. The roster of the club, it is estimated, will contain nearly seventy names after the first meeting of the current semester.

## *Democratic Majority Shown at Polls by Resident Students*

The residents of Saint Mary's College, California, went to the polls Tuesday and cast votes for their choices in the merry-go-round of politics. The total ballots cast in the local precinct numbered 73, 41 of which assumed the Democratic ticket, 26 the Republican and six voted a non-partisan platform.

The United States senator position on the Republican ticket went to Tallant Tubbs, who polled 14 votes over his nearest competitor, Samuel Shortridge, with seven. The Democratic choice for senator went to Justus S. Wardell with a 20 vote majority over the runner-up.

**Johnston Wins**

Considerable interest was manifested in the race for judge of the Superior Court, office No. 1, a feature of Contra Costa county politics. All five candidates were recognized on the ballot, yet the victor, Thomas D. Johnston, emerged with a landslide majority of 61 votes. Wade W. Moore was second in line with four votes. Oscar Olsson was re-elected supervisor in another landslide poll.

Thomas Anselm Duffy, of the treasurer's office, pressed W. C. Young hard in the race for membership in the county central committee. Young polled 27 votes to Anselm's 23.

Mervyn Yates again supervised the business of the precinct. His associates were Judges Baker and Hudson, and Clerks Naughton, Minogue and Fred Canrinus.

## Mass of Holy Ghost Is Held in College Chapel

Students and faculty members gathered in the chapel Wednesday at an impressive ceremony that is held at the outset of each school year—the Mass of the Holy Ghost.

Robed in academic garb, the faculty filed into the chapel while students stood in their places.

Father Benjamin Bowling, student chaplain, said the Mass and was assisted on the altar by Father John Turco, deacon, and Father Albert Duffy, subdeacon.

Brother Julian, organist, and the student brothers' choir supplied the sacred music.

## Choir Leader Plans Glee Organization

In an effort to continue the work begun by the Glee Club last semester a concerted effort is being made to make this the greatest glee year in Saint Mary's history. Mr. Sangiorgi is making an earnest plea for vocally inclined students to sign up for glee work and put it over the top.

Roberto Sangiorgi

Mr. Roberto Sangiorgi is one of the most distinguished choral leaders in the west and is possessed of much valuable European experience. Should sufficient students sign up he will develop a glee club equal to the best in collegiate circles.

**May Appear in S. F.**

The glee club has already been invited to sing at Golden Gate Park and many radio appearances are likely.

Bass singers should sign up Monday in the music hall at 12:20, and tenors on Wednesday at the same hour. The first group rehearsal will be next Friday.

**OFFICIAL**

September 2, Friday — Today is the last day to drop a course or to register in a new course. All changes on study cards must be made with the office of the Recorder.

September 5, Monday—Labor Day. A holiday.

September 9, Friday—Last day to file in the office of the Chancellor note of approval by faculty adviser of subject chosen for thesis for Bachelor's degree.

## College Awaits Fall Edition of Quarterly

Professor James Hagerty, co-editor of the Moraga Quarterly, the distinctive publication of the faculty and students of St. Mary's, announces that the Fall edition of the Quarterly will be issued on approximately a fortnight, Mr. Hagerty did not reveal the contents, nor the contributors. Announcement, however, will be made during the week.

James L. Hagerty

The Moraga Quarterly was first published in the fall of 1930 and thu with the next edition will celebrate its second anniversary as the outlet of the literary ideals of the College.

## Cheer Leader Trials To Be Held Today

Tryouts for assistant cheer leader posts will be held today in Room 201 Dante during the noon hour. There is a possibility that the aspirants will also be balloted on at this time according to Head Cheer Leader Joseph Nave.

Approximately eight students will vie for the megaphone positions, with Tom Rock, master of ceremonies at the brawl smoker, listed as a favorite for the junior assistant position.

Two positions are open with sophomores and juniors alone being eligible to try out.

## Frosh Retreat Is to Open on Wednesday

Annual retreats for the different classes will open with that for the freshmen students at 9 o'clock next Wednesday morning.

The retreat for the freshmen will be given by the student chaplain, the Reverend Father Bowling. It will consist of four daily talks, two in the morning, one in the afternoon, and one in the evening. The times are 9 and 11 a.m., and 1:45 and 7 p.m.

It is the earnest wish of the Chancellor and the Chaplain that every freshman be present at the exercises. In order that this will be possible classes will be dismissed at those hours when the services occur.

The spiritual activity will be brought to a close with a general mass for the class on Friday at 8 a.m.

The sophomores will have their retreat the following week, observing practically the same schedule. Any departures from the present plans will be set forth in the paper next week.

Reverend Father Richard Hammond, a St. Mary's student of former years, will deliver the talks.

The featured speaker at the Upper Division retreat which will come the week after the sophomores, will be Reverend Father Daniel Keenan, pastor at Hollister, well known to Saint Mary's students from former retreats.

## Sunday Concerts Are Tentatively Arranged

Tentative plans have been announced for a campus series of Sunday afternoon organ recitals by guest artists to be held throughout the fall in the College chapel.

**Sunday Concerts**

The recitals will provide the many Sunday visitors to the campus an opportunity to hear the beautiful chapel organ. Each concert will be followed by a conducted tour of the campus buildings.

Brother U. Batholomew and Noel Sherry '35, who are planning the concerts, announce the probable dates as: October 2 and 9, November 6 and 13, and December 5.

## SOPHS UPHOLD THE ANNUAL TRADITION IN WINNING BRAWL

### Frosh Display Good Form in Taking Two Events From Sophs

Taking five out of seven events from the yearlings, the sophomores upheld the old tradition of winning the brawl which was held on Tuesday afternoon on Agnon Field.

Sophomores emerged victorious in the three-legged race, the relay, the horseback and shoe-tie-up events while the frosh exhibited plenty of strength in winning the tie-up and football events.

**New Brawl Event**

The latter event was a new one to brawl observers. A loose football was placed on the fifty yard line and both classes lined up on the goal line. At a given signal they both went for the football, the object being to carry it across their own goal line. After considerable struggling the hefty frosh pushed the pigskin over their goal and took the event.

**Frosh Well Organized**

The frosh made good use of their superior numbers in taking the rope tie-up. The manner in which they cooperated in eliminating several of the larger members of the sophomore class is proof that they organized themselves well. Except for the fact that one or two sophomores ran the relay for the frosh by mistake, the organization was perfect.

**Run By Block SM Society**

Members of the Block SM Society ran the brawl as usual, and saw that the events were run off smoothly. In addition to the brawl, a swimming meet was held in the morning and the day's festivities concluded with a smoker in the evening in Madigan gym.

## Name New Head of English Department

### Stevenson Authority Takes Chancellor's Place

At the meeting of the English department held last Wednesday, Brother Henry, formerly of the English department, headed by Brother Leo, the Chancellor, was appointed as acting head of the department in his stead, and will resume his duties as such in the future.

Brother Henry, a graduate of Sacred Heart College High School in San Francisco, came to Saint Mary's, which was then the Old Brickpile in Oakland in 1920, where he was active in the English department from the outset.

In 1922 he received his M. A. degree from the Catholic University of America located in Washington, D. C. He studied here for the school year 1922-23.

Since that time Brother Henry has continued to enroll in various graduate courses in English, notably those during the summer sessions of the University of Southern California. He intends to receive a higher degree in literature in the near future.

**Stevenson Authority**

Brother Henry has long been considered a competent authority on Robert Louis Stevenson. An indication of this latter was evinced in the numerous letters of praise which he received following a radio broadcast over the "Classroom of the Air" last semester. On this program he spoke of the life and works of Stevenson.

A further decision was that monthly meetings of the department are to be held for the purpose of maintaining certain interests and events before the department, such as thesis topic selections and the like. The English department, headed by Brother Henry, will include: Brother Leo, Chancellor; Brother Virgil, Mr. Schmitz, Mr. Aiken and Brother V. Leo.

# ALUMNI NOTES

ALUMNI—OFFICIAL

**Tuesday, September 6.—Football luncheon of the Oakland unit at the Leamington Hotel, Oakland, starting at 12:10. Coach "Slip" Madigan will be the principal speaker. All friends and former students of St. Mary's are invited to attend. Price 75c.**

**Wednesday, September 7.—Football luncheon of the San Francisco unit at the San Francisco Elks Club at 12:10. "Slip" Madigan will be the principal speaker. All friends of St. Mary's and all former students are invited. Price 75c.**

**Thomas Carr '19, Olympic Member**

Not only was Saint Mary's represented on the United States Olympic boxing team by Joseph Lang, a member of the senior class, but a former student of Saint Mary's, Thomas Carr of Santa Monica, was captain of the United States pistol team for the Olympic games. In answer to a letter from the alumni secretary, Carr wrote "Through a series of eliminations held in the United States under the auspices of the United States Revolver Association a pistol team was formed, six men making the squad, at a final elimination held in Los Angeles the three men that would make the team proper were selected. I had the high score in the United States and was made captain of the team, L. K. Roberts, second, and Dr. E. E. Tippin of Wichita, Kansas, third.

"The match was shot on the 12th of August, Italy winning first place, with the United States fourth nad fifth."

**Carr is lieutenant of detectives of the Santa Monica police department and since becoming a member of that department has become one of the most famous police officers in Southern California. He attended Saint Mary's in 1919.**

**Many Pay Dues**

During the past week there has been great activity in the payment of dues in the alumni association. Saint Mary's is one of the few colleges that has a sliding scale of alumni dues, that is, a lesser amount for the younger classes and a greater amount for the older classes. The classes this year pay as follows: Class of 1932: $1; '31, $2; '30, $3; '29, $4, and all other classes, a flat rate of $5 per year. A life membership in the association is $100.

**Two Football Luncheons, Oakland and San Francisco**

Alumni and friends of Saint Mary's living in the east bay will have an opportunity to hear "Slip" Madigan give the latest "dope" or the earliest "dope," whichever you prefer, on the 1932 football season, the occasion being the annual football luncheon of the Oakland unit of the alumni to be held at the Hotel Leamington next Tuesday, September 6, at a luncheon at 12:10.

**Assisting President W. L. "Kelly" Wales '22, of the Oakland unit, are Frank Atwill '16, Maurice Roach '27, and Jack Bill '29. Those planning to attend the luncheon should phone Jack Bill at Trinidad 8484.**

Madigan will also speak next week under the auspices of the San Francisco unit when he appears at the annual football luncheon of that organization at the San Francisco Elks Club Wednesday, September 7, at 12:10. Dr. Chesley Benjamin '15, is in charge of the San Francisco luncheon, assisted by Louis McGettigan '01, John Harloe '01, Dr. William O'Grady '28, James M. Smith '10, Raymond "Scotty" MacIntyre '28, John Connolly '28, and William "Bill" Fischer '32.

Those planning to attend the San Francisco luncheon should notify Dr. Benjamin. The price of the luncheon in San Francisco is 75 cents, which is also the price of the Oakland luncheon.

It is well to recall that friends of Saint Mary's and all graduates and former students are invited to attend.

**Alumni Conference November 20**

The meeting of the Far-West District of the National Catholic Alumni Association, of which Saint Mary's is one of the leaders, will be held at the College of the Holy Names Sunday, November 20. Although the national organization of the federation admits only men's colleges to membership, in the Far West both women's and men's colleges are represented at the meetings. This is due to the fact that there are so few colleges, comparatively speaking, in the west.

At the conference it is planned to have a Solemn High Mass as the opening event. The afternoon session will be given over to a general discussion as to the work the alumni of Catholic colleges can most effectively do. The convention will close with a dinner.

**Gerald Brusher '22**

Brother Agnon recently received an announcement of the marriage of Miss Mary Elizabeth Hase of Washington, D. C., and Lieutenant Harold Brusher of the class of '22. The ceremony took place at Washington, D. C.

The bride is the daughter of Colonel and Mrs. William Hase, while Brusher is a native of Oakland. Following his graduation from Saint Mary's in 1922 he became a cadet at West Point. Lieutenant and Mrs. Brusher will be at home at West Point, New York, after September 1.

**Milton Coghlan '23 Appointed Police Judge**

Milton Coghlan '23, of Santa Cruz, president of the Monterey unit, was appointed police judge of Santa Cruz last week, succeeding Francis R. Hall. The new judge up until the time of his appointment was assistant district attorney of Santa Cruz county. Since gooing to Santa Cruz a few years ago Coghlan has made rapid advancements in his profession, as his present appointment indicates.

**As an undergraduate Coghlan was the winner of the Cottle oratorical contest in his junior year. He was also prominent in dramatics, playing an important part in Brother Leo's play: "Dante, the Wing Bearer."**

**Universal Saint Mary's Night**

It has been suggested that some time during the fall a universal Saint Mary's night be held at which time various local units of the alumni would plan and sponsor gatherings of their members to listen in on a broadcast coming from some radio station in the bay district. The speakers on the broadcast would be members of the faculty and officers of the alumni association.

**It is felt that with such a plan there would tend to be a greater unity and co-ordination among the various units and it would also tend to create a worthwhile spirit of rivalry.**

Officers of the units are asked to communicate with the alumni office in regard to the proposed program.

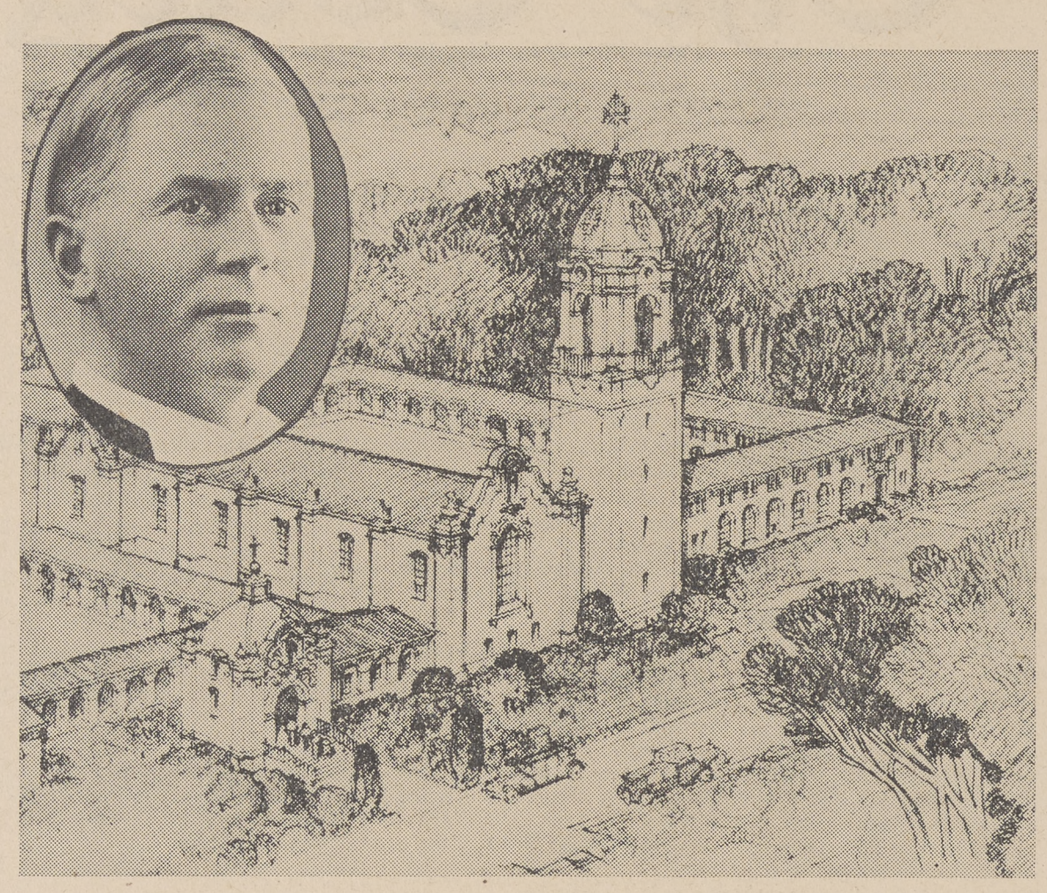
'LOST" ALUMNI

Following is the list of former students now listed in the 'lost" column: Richard S. Hill '97, Washington; Jas. P. Hayden '97, San Francisco; John Mitchell '97, San Francisco; Geo. E. Maguire '97, San Francisco; Walter Macforlan '97, Oakland; Victor A. Olcese '97, Oakland; Charles O'Gara '97, Oakland; Charles E. Perega '97, San Francisco; Leo Preciado '97, San Francisco, and Columbus Pezzola '97, Oakland.

"FOUND" ALUMNI

Not all of the "lost" alumni continue to remain in that column. Following are a few of the men who have been transferred from the "lost" group to the "found" group: Chas. J. Reilly '09, Oakland; David J. Ring '75, San Francisco; Donald E. Prenveille '11, San Leandro; M. J. McGuire '14, Oakland; Dr. Theodore Lee '21, Oakland; Earl N. Oliphant '07, San Francisco; Rev. John E. Curran '18, Oakland; Howard V. Wood '17, San Francisco; John Grant Kelly '13, Oakland; Martin B. O'Connell '90, San Francisco; Chas. L. Reardon '92, Oakland; Timothy P. Minehan '95, Burlingame; Fhomas F. Watson '07, Piedmont; Geo. A. Roach '02, Oakland; Martin A. Ryan '98, Oakland; Lawrence J. Buchenery '05, Berkeley; J. E. Tompkinson '07, San Francisco; Geo. H. Millett '07, San Francisco; John Gibney Maguire '07, San Francisco; Ray Capdeville '10, San Francisco; Herbert H. Gerlach '12, Piedmont; Richard D. Coleman '01, San Francisco.

# *Novitiate at Mont La Salle*



Here is an architect's sketch of the $500,000 novitiate of the Christian Brothers near Napa which will be formally dedicated on Monday, September 5, Labor Day. Archbishop Edward J. Hanna and Coadjutor Archbishop John J. Mitty will officiate. The formal dedication is set for 3 o'clock in the afternoon, with a Solemn Mass to be held during the morning in the chapel of the novitiate. The inset shows Brother Gregory, F.S.C., provincial of the Christian Brothers on the Pacific Coast and former president of Saint Mary's College. *Tribune Photo.*

## Celebrities Will Preside At Novitiate Dedication

The dedication of the new novitiate of the Brothers of the Christian Schools at Mont La Salle, Napa, California, is to take place next Monday, September 5. A Solemn High Mass is to be celebrated at 10:30 by His Excellency Most Reverend Archbishop Mitty, D.D., and the sermon is to be preached by His Excellency Most Reverend Archbishop Hannah, D.D.

**Dedication Ceremonies**

Dedication ceremonies, which includes essentially the blessing of the buildings, are scheduled to start at 2:30. Mont La Salle is located about seven miles west of Napa and may be easily reached by train, bus or auto.

The new novitiate is essentially a training school for young Christian Brothers, wherein the religious and pedagogic life of the Brothers is inculcated. There are to be three departments in the new novitiate, namely: The House of Ancients, Senior Novitiate and Junior Novitiate.

**Novitiate Students**

The Junior Novitiate is for the particular use of those young men entering the institute and where they make their high school studies. On graduating they enter the Senior Novitiate where they spend at least fifteen months in the study of religion, liturgy, and also secular branches. Then, after a probation of three months the candidate is given the religious habit and upon the completion of his novitiate studies is transferred to Saint Mary's College for his collegiate studies.

The new novitiate at Napa marks the fourth site of a Christian Brothers training school. The original novitiate was at St. Joseph's Academy from where it was moved to Fifth and Jackson Streets, Oakland. In 1879 it was removed to Martinez where it has remained until the present.

The "donation-investment" fund tickets are now on sale at the athletic office. The purchasers of these tickets have an excellent opportunity of winning one or more pairs of tickets to the Saint Mary's-California game. The tickets for the California game are on the fifty yard line. The chance we've all been waiting for is now available, 50 yard line tickets. Let's make use of the chance and at the same time we'll be outfitting a worthwhile band in a worthwhile manner.

# *Executive Committee Plans Extensive Intra-Mural Activity*

By JACK TOLAN
President A. S. SM. C.

The most difficult task for the present administration is to develop a plan of intra-mural sports that will satisfy the particular needs of this campus. Every member of the student body has listened to many "authorities" tell us how this problem is solved in other institutions but few can suggest a workable solution to our hit-and-miss condition.

**Requirements Listed**

A plan, however, must fit the following conditions:

1. We are split into groups of day and resident students by circumstances. Both groups must have an equal opportunity to compete, the spirit of one group should be fostered with as much emphasis as the other.

2. Saint Mary's men will be able to play and habitually do indulge in all sports in and out of season. Just because an interclass swimming meet was completed last Tuesday there is no reason why further competition should not be sponsored. In other words the plan for Saint Mary's must provide for more than the seasonal tournament. It must give an inducement to the students to indulge in competitive athletics continuously, not seasonally. The purpose of intramural sports is to make regular exercise more interesting by fellowship and competition.

3. There must be a provision for some kind of award, some tangible trophy, and some reward to those who organize.

4. There must be no interference with varsity practice, little expense, and an attempt to allow the natural inclination of the students toward competitive sports to express itself in a normal and balanced manner.

**Committee Submits Plan**

Chairman Bob Grady with Jack Purcell submitted a plan to the Executive Council Wednesday that will fit all these qualifications. True, the whole measure proposed was intricate, but it seems to fit the spirit and the actual needs of the Moraga campus. Of course a hundred plans and a thousand constitutional amendments could not make intramural sports a success unless we carry out that eagerness to indulge in competitive athletics that has been displayed in the past.

The brunt of the responsibility of making a plan, such as the one proposed, practical, will fall upon the intramural sports manager. Grady explained to the council that if the position were elective then more responsibility would be felt and the additional attraction of a sweater would urge students to strive for the position. However, there is a great deal of work yet to be done before we can put the idea into practice.

Talking about depression: Have you seen the new vehicles on the campus this term? Slip Madigan got one, Recorder Johnson has one, and Ed Kelly commutes in a fine coupe. Oh yes, Phantom Phil Baader picked up a 4,700 mixture of Rickenbacker and Wills Sainte Claire.

## Chancellor Plays Host to Musicians

Heralding a new and greater musical life at Saint Mary's, the Chancellor entertained the recently formed musical council at dinner on Monday night.

In addition to the Chancellor those present were: Brother Bartholomew, head of the department; Walter Larew, Norbert Graves and Jack Tolan, president of the Associated Students.

**Course in Appreciation**

Highlights of the enlarged musical program announced at the dinner are: A noon-hour course in musical appreciation, pre-concert phonograph lectures preceeding the winter concerts of the San Francisco Symphony, and frequent concerts in the De la Salle Lounge.

Brother Leo expressed the desire that the students would respond wholeheartedly to the opportunities placed at their disposal to make music a more vital thing in campus life.

## Free Cigarettes Given To Student Smokers

The smoker last Tuesday evening in Madigan gym was acclaimed a distinctive success by the enthusiastic applause of eight hundred onlookers.

Smokers were treated to a pack of Lucky Strike cigarettes and an allotment of Chesterfields through the courtesy of the two companies.

Entertainment was provided by Ukelele Burke, well known KTAB radio artist and by Franklin Dougherty '36, and his orchestra.

## Scribe's Dinner

Saint Mary's will play host to bay region sport scribes on September 12 at the annual press banquet which has been held yearly for the past seven or eight years.

Coach Slip Madigan and Graduate Louis Le Fevre will be present and perhaps other College officials. At the present the location of the gathering is not definitely decided. Last year the dinner was held at the St. Francis Yatch Club in San Francisco.

## Gael Gossip

By JOHN ARAGNI JR.

**They tell me that Saint Mary's eleven has more nicknames than any other team in the nation. . . . Alabama's backs average 195 and the line material reveals six tackles over 200 pounds. . . . Madigan was the first to introduce the shift on the Pacific Coast. . . . Knute Rockne never was beaten by a team using the Warner system of play. . . . The Gaels were the first western team to beat an undefeated eastern eleven when Fordham was humbled. . . . Corporal Gannuzzi is about to start his eighth year with the Army.**

Cal has been working out for a few weeks. . . . It's okeh for the gridders supply their own ball and coaches do not go near the field. . . . Saint Mary's faces Cal for the twentieth time this season. . . . Bill Stevens and Doc Glimstead stole the Fordham Ram and replaced the animal with another. . . . Rockne's wrists were too weak to be of any benefit, so he would scoop the soft dough from inside a breakfast bun and pack it about, opening and closing his hands, thus developing wrist strength. . . .

*Brovelli packed the ball eight times in the Fordham contest and gained 46 yards, losing none. . . . Later in the game he was knocked cold and packed off the muddy field feet first. . . . Wisniewski, Miskinis, Elcewicz, and Pieculewicz were in the starting lineup of the Rams. . . . . Vince McNally played regular center on his high school basketball team four years and rated all-city halfback honors in his last two years in football. . . . At Notre Dame he made regular forward berth in basketball in his soph year and was elected captain in his junior year . . . was quarter under Rockne and earned two letters for football. . . .*

One guess—who are the Bicen- boys? . . . Correct. Dodson and his roomie Gerardin. . . . Our late trainer, Doc Glimstead, was a major in the Royal Flying Corps during the world war. . . . Signs of prosperity—Madigan and his new green hat and automobile . . . the Gael roster this season resembles Mussolini's address book . . . if it increases the Irish flag will be replaced by a red, white and green banner. . . .

**For a real study of Rockne's life read "Man Builder," by Harry Stuhldreher, one of the Four Horsemen. . . Last season's best laugh occurred when a Gael gridder ordered a steak in a restaurant . . . after futile attempts to stab it he shouted to the waiter: "I don't mind horse meat, but why didn't you take the saddle off?" . . . Hey, Hey! . . . Red Scheflin is studying to be a dentist. . . . Bud Toscani is to play pro football this season. . . . The frosh boast of 11 gridders over 6 feet, and 32 players over 200 pounds.**

*Cal meets Saint Mary's basketball five on January 31 in the new gym now in construction on the Berkeley campus. . . And the game may be the dedication of the new plant. . . . . When Butch Simas played football, baseball and basketball at SM he was a busy man. . . . Spring football practice in the afternoon, followed by a basketball workout and a basketball contest at night . . . Fred Clark, who played frosh football here several years ago, transferred to S.F.U. but committed the social error of flunking. . . .*

The winner of the Saint Mary's-Cal football tussle will be the champ of the Coast. . . . U.S.C. will not win the Conference. . . . U.C.L.A. will defeat Stanford this season. . . . Sig Lien played 16 full games as guard in basketball for the Gaels in 1927 out of 17 games. . . . He was forced out of the other game on fouls and All-American Frankian replaced him. . . . Carlton College, Northfield, Minn., boasts of a basketball team that is undefeated on its home court and has won 35 consecutive games in 5 years. . . . . Notre Dame and Saint Mary's will never meet on the gridiron. . . . Cal might encounter the South Benders next season in an intersectional contest. . . . Pop Warner picks Brovelli as the best fullback since Ernie Nevers tore through lines for the old master.

## Three Years Madigan Aide

Vince McNally, pictured above, is starting his third season as assistant football coach to Slip Madigan. McNally is also the Gael basketball mentor and owes his knowledge in sports to Notre Dame, where he was under the tutorship of the late Knute Rockne.

## Madigan Surprises SM By Attending Meeting

That Saint Mary's athletes will receive football tickets to all college games for three years after graduation was the plan outlined by "Slip" Madigan at the Block SM meeting.

For the first time in twelve years Madigan attended a Block SM meeting and thanked the members for the privilege of attending. The mentor favors the idea of presenting athletes with passes to games after completing four years at Saint Mary's and stated he will do everything possible to see this plan carried through.

At the present time varsity lettermen out of college receive one ticket to some football game and Madigan feels the men are entitled to two ducats to all games. He also favored the plan of presenting athletes with certificates indicating a varsity letter earned. President Pendleton will draw up a resolution for such plans and will present them to the board of athletic control for immediate action.

## Bus to Break Out In Fresh Paint Job

A much needed paint job is being given to the old bus which has for nearly seven years conveyed the teams of Saint Mary's on trips. The color scheme to be followed is the familiar red body and blue top which has been seen on the highways of California and Nevada for many seasons past.

The name and insignia of the College is to be placed on either side in conspicuous lettering. The upholstery is to be refinished and the paneling inside varnished.

Among the outstanding trips taken by the bus are several to Los Angeles and a barnstorming tour with the basketball team last winter as well as many to other points on the coast.

Assisting Pilot Walt are Gillin, O'Keefe and Javette, who figures the job to be complete by next Wednesday.

## Many Gridders Call San Francisco Home

In past years there has always been a considerable number of San Francisco boys on the varsity football squad. This year is no exception as some of the best known players are from the Big City, all of whom were stars in their prep school days.

Although we find a great many of the transbay boys on the varsity, we find only two who are playing their third season. They are both lettermen and are at present considered first string by Slip Madigan. Garry Vivaldi and Wayne Pendleton played together in their high school days and have already seen three years together at Saint Mary's. Forced out by an injury in the early part of last season, Vivaldi came back strong and won a first string berth for himself. Pendleton has played two positions in former seasons, but this year he is concentrating on the guard position and he looks like one of the best bets.

Probably the two most famous players in the junior class are the Canrinus brothers, who gave every team from U.S.C. to Southern Methodist plenty to worry about. They are back as strong as ever, awaiting the opening gun. Jack Baat, one of the most versatile backs on the team last year, thinks touchdowns are thesis work, and is ready to start his subject. Another strong candidate for the end position is Charley Heinbockle, whose pass snagging qualities are unusually outstanding. Don Craig, former Polytechnic luminary, is almost sure to see action at center.

Bob Murch and John Engstrom, two sophomores who have been playing together for years, have developed into the Madigan type of players and are ready for varsity action. The Galloping Gaels will have a triple-threat backfield ace in Joe Curtain, the Mission prepster. Roy Lazzeri and Ev

(Continued on page 4.)

## Agnon Field Repaired; Field in Good Shape

Agnon Field, wherein the upbuilding and organization of Saint Mary's football teams takes place is at last completely covered with grass. In the past the teams have had much difficulty in running signals as they would collide with one another. Now, with added acreage of grass this has been overcome. There are now two complete football fields where scrimmage may be carried on. There is also a large grassy section where individual instruction may be given.

This is the first time that the field has had abundant grass and it is hoped that this will be the case always. A rumor is about that the teams may scrimmage in the grass of the track oval but there is hardly any veracity to this statement because of the two fields and practice section. The addition of a new road around the field will protect the young grass from unnecessary trampling. The erection of volley ball courts also is a new innovation.

## SM Sweaters Given Varsity Baseballers

Thirteen varsity baseball players received Block SM sweaters for conference competition and the same number of frosh received numeral sweaters for diamond activities.

Captain Noonan and Bill Beasley received three stripe awards and McDermott earned his second letter. The third senior on the team, Rowan, earned his first sweater. Co-Captains elect Jones and Welsh got two stripe awards and the rest of the award winners were all sophomores. Caviglia, McKay, Tressider, Barielles, Kane, Jadrich, Wilson, were all awarded their first sweaters and have two more years of varsity action.

Frosh numeral awards were given to Flynn, Atti, Stetson, Mahoney, Johnson, Harris, Sill, Mora, Savio, Marty, Yore, Gerner and Gilardi.

### *Football Managers*

Students desiring positions as football managers are requested to get in touch with Senior Manager Elmo Martini on the practice field previous to opening scrimmage date.

Freshmen are especially urged to sign up as there will be ample opportunity for energetic frosh to work with the yearling squad.

## Frosh Mermen Out Paddle Upper Class

### Individual Stars Figure in Annual Meet

Well, the freshmen stepped out and did it Tuesday. No, they didn't win the brawl, but they showed the rest of the classes how a real class of fish functions as a unit.

Take this boy Miller of the freshmen, for example. All he did was to amass 13 points by himself to give the youngsters a total of 24 points. That was just 10 more than the sophomores and juniors piled up, and the seniors were left far in the rear with a 7-digit total.

**Individual Stars**

The meet was not so much an interclass affair as it was a performance between the individual stars of each class.

Jack Fryer did most of the work for the juniors, making 9 of the third-year men's 14 points. Fryer took the 50-yd. breast stroke race with ease and placed in both the 10-foot diving and 3-foot diving. Off the 10-foot board, Fryer was awarded third place, but missed a tie for second by a slim 1-point margin. In the 3-foot diving, Fryer took second, again trailing Miller, who won the event, by 1 point. Yes, if it hadn't been for Fryer, the juniors wouldn't have been in the running at all.

**Meet Close**

Then there was Herc Fletcher for the seniors. Fletcher grabbed off first place in the high diving, third in the low diving, and swam two laps for the seniors in the relay race. That gave the seniors 6 points, and they made only 7 in the whole meet, making Fletcher the individual star for the highest class in college.

For the sophomores, Brother David was the outstanding star. In the 100-yard free style affair, he took things easy and won by 30 feet over the rest of the field. In the relay, the sophs were bringing up the rear until the water dog of the sophs got in the race. In one lap, he brought the second-year men from last place to first and they managed to hold the lead after Brother David handed it to them. Credit Brother David with 6¼ tallies.

Every event went off in good style, but the judging in the diving events was rather poor. However, the judges were competent leaders in sports activities here, so their decisions rested as final.

The summary:

50-yard free style—Miller, frosh, 1; Meister, sophs, 2; Delano, frosh, 3.

100 yard free style—Brother David, sophs, 1; Mott, frosh, 2; Pendleton, sophs, 3.

50 yard breast stroke—Fryer, junior, 1; La Berge, junior, and Barry, frosh, tied for 2.

50 yard back stroke—LaCava, frosh, 1; Fischer, junior, 2; Mulleda, senior, 3.

Diving, 10-foot board—Fletcher, senior, 1; Miller, frosh, 2; Fryer, junior, 3.

Diving, 3-foot board—Miller, frosh, 1; Fryer, junior, 2; Fletcher, senior, 3.

Relay—Won by sophomore team composed of McCullough, Brother David, Meister, and Pendleton.

Totals—Freshmen 24 points, juniors 14 points, sophomores 14 points, seniors 7 points.

## GAELS, TROJANS TO CLASH NEXT SEASON MADIGAN ADMITS

### Coaches in Secret Conflab At Olympic Games; Agree on Oct. 14

The Gaels of Saint Mary's will meet the Trojans of Southern California on the gridiron probably the third Saturday of the 1933 football season. Arnold Eddy, graduate manager of U. S. C., made this announcement during the ensuing week.

The contest was arranged by Ed "Slip" Madigan and Willis O. Hunter, Trojan athletic director, during the summer. Definite announcement of the date is expected to be made shortly. October 14 is estimated to be the date.

"I'm expecting that date confirmed," stated Madigan, "and we'll all be glad here as we like to play U. S. C."

"Our association with U. S. C. has always been very pleasant and we hope to make our games a regular yearly event," stated Madigan.

U. S. C. did not drop Saint Mary's from the schedule due to any breach of relations but because an agreeable date could not be decided upon. Conference games hindered U. S. C. from giving the Gaels a favorable date for Galloping and the game was mutually dropped this season.

**Stadium Packed**

When Saint Mary's met the Trojans last season the largest crowd ever to attend an opening game in the United States was in the stands. Next season both teams will have good material present and a banner crowd should fill the Olympic Stadium.

"We hope to be able to fill the stadium down there—those 105,000 seats will be taken by supporters of Saint Mary's and University of Southern California," states Madigan.

## New Zealander Visits Campus After Olympics

An Olympic games athlete from far away New Zealand was a visitor at Saint Mary's Tuesday. Mr. Lowe is one of the last athletes to depart from Olympic Village and will embark from San Francisco within the next few days.

Mr. Lowe is a Christian Brothers' student from one of the Catholic institutions of New Zealand where he proved his pugilistic ability in winning the middleweight championship of the Antipodes.

The smiling bronzed athlete stated he was very fond of Saint Mary's and compared many campus features to his own school. Lowe attended the smoker at Madigan gym as a guest of the Block SM Society.

## New Trainers Named To Doctor Gridders

Appointment of three trainers for the 1932 football season was announced by the board of athletic control today.

Dr. Guinan, college physician, was named as team doctor and head trainer. Charlie Blesse, student trainer who assisted Dr. Clough last season, will again tape and bandage athletes on the varsity squad.

Dan Hurley, blind pre-medical student, will act as trainer of the frosh and is said to possess a fine chiropractic knowledge. This is the largest staff of trainers Saint Mary's has ever employed and the most complete.

# *Frosh Give Sophs Bad Time In Annual Brawl; Nearly Win*

The great war is over, that is, the now famous war between the classes of '35 and '36, which ended when the high and haughty sophomores beat out the hard-fighting freshmen in the traditional brawl which was held on Agnon field Tuesday.

**Battles Galore**

Warriors of both classes are still limping around and doctoring up numerous cuts and bruises, and some of the footballers who participated have been heard to say that an afternoon of scrimmage is like playing with dolls compared to what they went through at the brawl.

As for size, the frosh and the sophs measured up pretty even, except for a few of those man-mountains who are trying out for places on the freshman football squad, but meeting this the sophomores had many fleet backfield men who gave the big youngsters a bad time in the relay events.

**Many Events Listed**

The brawl got under way with the three-legged relay race in which each team had twenty-four pairs whom were tied to each other by ropes bound around the ankles of the inside feet. This race was run off in fine style with the sophs getting the jump on the yearlings at the beginning and finally winning the event. Many spills drew laughs from the onlookers, especially when the Nichelini and Gerner partnership became tangled up and sprawled neatly on the grass.

**Relays Fast**

A regular relay race was the second event of the day and the sophs won this also, with a lot of discussion on the part of the frosh who were giving a young telephone pole as a relay stick but all in all this was handled much better than the small stick which the butter-fingered sophs were continually dropping.

The shoe race was the first free-for-all of the day, and afforded good tackling practice to the football men when they saw somebody running off with their shoes. Ernie Owens, Crockett's contribution to the frosh class, was very much in this, having everybody's shoes on except his own, which had pulled a run-out act on him and have not shown up yet.

**Sophs Win Horse Event**

The horse-back fight proved the old adage that sometimes brains triumph over brawn, and this was shown when scholarly students sat atop the broad shoulders of the football linesmen who in this case acted as the horses and who also got the worse of the battle fought by their riders.

The tie-up was easily won by the frosh, who seemingly overpowered "35" men. Al Nichelini, the St. Helena bad-man, was easily subdued by 24 freshmen and dragged through the mud to their goal. This event started a few fights which were not included on the program which were promptly put down by the block M committeemen.

**Muddy Tug-of-War**

The tug-of-war was contested in a field of mud with 22 men on each team, all sliding and falling as they attempted to drag the other group over the line. The sophs finally managed to drag the entire frosh group, who were given a good wetting by a hose held at the middle line.

The last event of the brawl was the flag race which was won by the freshmen after a long battle. The flag in this case was a football that was carried from the fifty-yard line to the freshman goal in spite of tough opposition of the sophomores.

**Brawl Well Managed**

The brawl was ably handled by the members of the Block M Society among whom were Vivaldi, Gould, Rubel, Pendleton, Gilbert Brovelli and Partee. It was a great afternoon and it upheld the tradition that the sophomores usually win the brawls. Good luck frosh, your turn will come next year.

## Reserve Seat Game Tickets Available

Information concerning games, ticket prices, etc., for the ensuing football season is now available at the Athletic Office. The new federal tax of 10 per cent on admissions which has been levied this year is included in the purchase price of the ticket.

**All applications for tickets will be filed according to priority rating and the date when they are received at the office of the Board of Athletic Control. The priority rating is a classification adopted by the ticket committee of Saint Mary's College.**

This priority is divided into five classes. Class I includes student holders of student tickets—one ticket to rooting section — administration, and faculty members.

Scrip holders, student holders of student tickets—two tickets additional to rooters tickets—and active alumni, fall into the second class.

Non-active alumni and the general public make up the remaining three classifications.

**Applications for the California-St. Mary's game are now being made at the Athletic Office. All seats are reserved for the games with University of California, Santa Clara University, Fordham ..University, ..University ..of California at Los Angeles, University of Oregon, and University of Alabama. Tickets for the unreserved games can be purchased straight from the athletic desk.**

## Gridders to Display Flashy New Uniforms

Saint Mary's gridders will not be the only team to appear on the gridiron this season in new suits. U. C. L. A. and San Francisco University have recently announced new grid togs and both teams will display flashy colors.

Gael fans were surprised last season when the Moragans played in red silk panties, but this season will rest their eyes on blue silk pants. S. F. U. will don cream jerseys with green shoulders and three green stripes on the sleeves. Nifty white helmets and brand new khaki pants will also be donned.

The Bruins will don dark blue jerseys trimmed with gold shoulder inserts and sox of the like shades this fall. Last season they appeared in lemon colored jerseys and on other occasions wore alternate jerseys of white trimmed with dark blue.

## Many Countries Found on Team

Although Slip Madigan has more than 7000 pounds of varsity football on his hands this season, only a few scale more than 200 pounds. The heaviest gridder is Bud Gilbert, who tips the beam at 223 pounds, and the midget of the squad is Ward Cockerton, 158 pounds.

**Carl Jorgensen, Phil Baader, George Dodson, Lud Berardinelli, Joe Murphy, Angelo Brovelli, and Al Baker are gridders who weigh 200 pounds or thereabouts. Every varsity man is over 170 pounds with the exception of two. Besides Cockerton, Marv Miller is under 160 pounds.**

Marv Miller claims far-away Wisconsin as his home state and that's several hundred miles distant. Compare that with the home town of Cockerton. Ward lives closer to College than any other student, for Walnut Creek points to him as its greatest athlete.

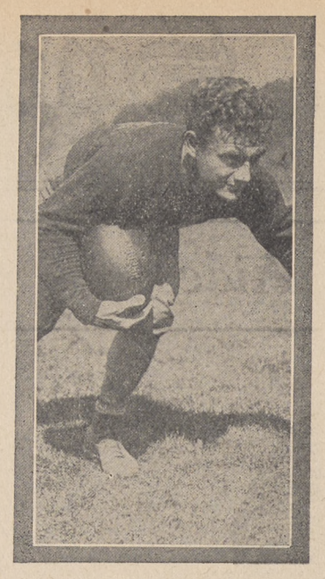
**Few Harps**

It's hard to understand all this hullaballoo and ballyhoo about the Fighting Irish of Saint Mary's, for of the returning 17 lettermen only a few are Irish. Italians predominate with Brovelli, Vivaldi, and so forth. Holland is represented with the Brothers Canrinus, and Carl Jorgensen claims Denmark. Irish Ahern and French Partee are back, as is German Rubel, Slav Steponovich, and English Baird.

Yet Irish names like Murphy, Fitzpatrick, Lahey, Curtin, O'Donnell, can't be forgotten but the Italians step forth with more names as Bonelli, Ferrarese, Lazzerri, Pennino, Nichelini and Garbo. Other German names to be nominated are Baader, Heinbockel, Sauter and Gerner.

When the eleven fresh gridders just enrolled join the varsity next season Saint Mary's will no doubt have the heaviest team in the history of the College.

Knute Rockne recommended Bill Ingram for the Cal coaching job. . . . J. Haxall of Princeton booted a place kick 65 yards for a goal against Yale in 1915. . . . the field where the Galloping Gaels practice once was the burial ground for a tribe of Indians. . . . Gilbert lost 14 pounds in the U.S. C. tussle last year. . . . Cal's wonder teams of a four-year stretch didn't lose a game in that period of time.



**Bud Toscani left Santa Rosa Wednesday night with the cheers of several hundred Santa Rosa citizens ringing in his ears on his departure for the east. The dynamic favorite of Saint Mary's football eleven recently signed with Benny Friedman's pro grid eleven at a fancy salary. Toscani was one of the most brilliant figures in Saint Mary's football history and won considerable acclaim last fall as "the people's choice" for All-American honors.**

## Intramural Sports Under New System

### Boarders and Day Students To Participate

Plans of the executive council providing a solution to the intramural sports situation are rapidly coming to completion. General direction of intramural sports will be vested in an elective officer, the manager of intramural sports.

The school is divided into eight groups: freshmen, sophomore, junior, and senior classes, subdivided into day and resident students. Each group will have organized teams in touch football, basketball, baseball, track, tennis, and swimming.

In order to be elected head manager a candidate must qualify by a year's service as assistant manager and team organizer in one of the groups. Provisions for a trophy were made whereby a cup will be awarded in a rotating manner. At the beginning of the season of each respective sport an elimination contest will be held and the final winning team will receive the trophy and 50 points.

At the end of the year the grand total of points aggregated by each of the groups will determine the final grand intramural sports winner. The provision for incidental games is most novel. One week after, or possibly a shorter period if determined practical, the winning team will be eligible to a challenge by any other group in any other sport.

For instance, if the soph boarders won the football elimination contest, the names of the members of the victorious team and the group they represent would be posted under the trophy at Dev's. They will be regarded as the possessors of the trophy for one week. When that time elapses the junior day students challenge them to a swimming meet or a water polo game or any sport, and the winner of this incidental game will gain ten points and the trophy for another week.

No letter men are eligible to compete in the sport from which they won their letter. This method gives the student not participating in intercollegiate sports a better chance. A football letterman may play any sport but football, the same with other sports.

Before any student signs up for competition he must be a member of the Associated Students and possess a student body card. A manager's block SM varsity sweater will be awarded to the head manager each year and as soon as the students vote the manager will be known. The seeds of this brilliant plan germinated in the mind of Chairman Grady of the Executive Council intramural sports board.

# LANG SPARS WITH TWO OPPONENTS IN EXHIBITION BOUTS

### Boxing, Music, and Smokes Form Entertainment For Evening

Just how much applause a gathering of eight hundred college students can give, was determined last Tuesday night when Joe Lang was formally introduced and presented with a Saint Mary's varsity sweater in appreciation for what he has done in the national and international boxing tournaments. Wayne Pendleton, president of the Block SM Society, made the presentation.

Immediately, Lang proceeded to display his pugilistic tactics in an exhibition against his kid brother Lawrence, and Bill Stoddard. Joe alternated four rounds with his opponents and although he refrained from administering severe beatings, it was obvious that he was toying with the pair.

Boxing and wrestling events were staged by the Gael students in conjunction with the non-local entertainment in music. The appreciative audience enjoyed a goodly measure of variety and made known the fact that it was interesting diversion.

**Powerful Physiques**

Opening the ring program, Bracco and Gomez, a couple of battling frosh, fought three rounds to a draw. In a wrestling match following, Dodson eventually pinned the shoulders of the less experienced Owens.

Shaeffer and Elduayan were the next pair of pretzel benders to trade hugs. At the expiration of the time limit, Elduayan's arm was raised by Dutch Rubel, the competent referee of the evening.

The assembly witnessed an amusing treat in the mat frolic between Bunce and Brasnyo. Bunce found an ideal playmate in his towering rival, who was quite willing to exchange courtesies. In fact, the boys did everything but play drop the handkerchief and spin the bottle.

To prove his affection for the grappling game, Bunce passionately kissed the canvas several times. The boys, not wanting to appear selfish, or hurt each other's feelings, agreed that the verdict be a draw.

In the semi-windup, Marv Miller and Joel Brown collected blow for blow on even terms for three rounds, to bring the crowd out of the hilarious mood evoked by the preceding encounter, and set them for the appearance of Joe Lang which climaxed the greatest smoker ever held in Madigan gym.

## Pool in Good Shape For Swimming Fans

Swimmers who delight in taking a daily swim are enthused over the splendid condition of the tank. The pool was thoroughly cleansed and fresh water was pumped in during the vacation months.

Under the direction of Vic Ponti the pool is open to all students of the College, but closed to ousiders. The athletic office urges that students cooperate in keeping the pool clean and not to eat lunch about the tank. All swimmers must wear at least trunks and dress in the locker rooms adjoining the plunge.

**Angel Brovelli**

## Nine Seniors to End College Competition

Nine varsity gridders will terminate their playing for Saint Mary's this fall. These nine will most likely play first string for the complete season barring injury.

The backfield will find Charley "Rubberlegs" Baird holding down his position as half together with Angel Brovelli. A sure cinch for the quarterback job will be Bill Beasley, captain for 1932.

Among other active varsity members are three veteran guards. These include Mike Steponovich, Bud Shaefer and Wayne Pendleton.

Pivot man for the coming season will be none other than Dutch Rubel. Durable Dutch has the unique honor of centering in every game last season being relieved only occasionally by Marvyn Yates.

At tackle will again be found Lafayette Gould, the 180-pounder of Hayward, who has served faithfully for two years on the varsity. Lafayette dug ditches during vacation and will be in the pink of condition for his final spurt in collegiate football.

Also in the line filling in one of the wing berths will appear Garry Vivaldi, another San Franciscan. Garry was injured early last season but came back with enough punch to land back among the first stringers.

**BRING TICKETS**

Fifteen thousand choice ducats for the Cal-Saint Mary's game were brought to the Athletic Office personally by Graduate Manager Monohan and Ticket Manager Harry Davis of California last week.

The tickets are Saint Mary's allotment and they were placed in the huge new vault within the Athletic Office. Dates for purchasing these tickets will be announced at a later day.

Latest equipment in the office includes a new upholstered armchair and several new framed photographs.

## S. F. Gridders

(Continued from page 3.)

Pendleton, a tackle and an end, can easily hold up their end of the line when called upon. Another strong back who is well schooled in the Notre Dame system is Art Sauer.

San Francisco has always been well represented at Saint Mary's and will probably continue to be, but the question is often asked around the College, where is the popular left guard who did so well in the Santa Clara and Olympic Club games last year?

Since most of our games are played in San Francisco and a great many of our players are from there, we can be expected to be enthusiastically received in the Big City.

# The Essay of the Week

**Why Christianity Is Attractive**
**By DAVE TAYLOR**

Too often in these modern days do we take the wrong attitude of religion by placing the wrong emphasis upon it. "If Catholicism is to appeal to the contemporary mind as a living reality it must adopt what is best of contemporary art." Are we going to accept or reject Catholicism purely on a basis of art? Such statements by our modern minds reveal a complete lack of knowledge of the ideals, motives and attractiveness of Christianity. Apparently art is the motive behind religion, if it is good art then the religion is good and we will accept it. To others the Church must do this or it must do that, and all the time they are forgetting their own responsibility. It seems that after all these years some people have turned the emphasis on religion around.

**Easier to Worship**

**"It is much easier to worship in churches that are beautiful." If we cannot worship in a plain stone cell and find true joy in it but instead need a beautiful building, then we certainly are not worshipping. We are only quenching our appetites for material pleasures. If we must talk about the attractive qualities of Christianity are they not the Purity, Beauty, Heroism and Buoyancy that are intrinsically found in the Church?**

**Importance of Purity**

Governments have made laws regarding the purity of foods and drugs. Local cities have passed ordinances stressing sanitation, thus surrounding our daily lives by purer conditions. Here at Saint Mary's we have courses the purposes of which is to give us higher standards for purer religious and moral living. "Blessed are the pure in heart: for they shall see God." By this He has given men the "spirit of Purity" that they may attain perfect happiness. Through Him a young man is able to attain that purity which enables him to approach the marriage altar with a glad heart, become the head of a family of children, conduct a successful business, and go through life having a high sense of honor and a great pride knowing that he is truly following His wishes.

**The Greater Beauty**

**The gorgeous orchid is one of the most beautiful flowers. Countless bees are attracted to it every day for the tiny particle of pollen that resides within the flower. The physical beauty alone will not attract the bee. In this instance the bee is wiser than we are, for though we enjoy the material beauties, the intrinsic beauties are really as vital to us as is the pollen to the bee. Often we spend too much of our time discussing the physical beauties of the Church while the spiritual beauties are forgotten entirely.**

**What Is Heroism?**

Is it not that which makes men forget themselves for the sake of a greater cause. Is it not a quality of spirit? His courage and fearlessness moving towards the cross is a marvel to men and an example for men to mould their lives by. Such men as Cardinal Gibbons, David Livingston and other great men have followed His example in pursuing a great cause in spite of any consequences to themselves.

**Buoyancy**

**Buoyancy is that force which keeps a body floating as long as it does not weigh more than the water it displaces. His buoyancy will keep up on top at all times no matter how weighted down with troubles we are. During the most trying times of the Civil War His buoyancy enabled Lincoln to carry on.**

Is it not in these qualities that modern youth is going to be attracted to the Church? Surely, "If Catholicism is going to appeal to the contemporary mind as a living reality it must adopt what is best of contemporary art" is it not true? Is it surprising that young men are attracted to Christianity when they learn of its purifying power? Surely the intrinsic beauties of the Church have a far greater influence than mere artistic beauties. Will not the portraying of great heroic peace time acts by the Church mean more than portraying a certain type of architecture? The experience of the buoyancy of Christianity will certainly create a greater desire for worship. These are the things that should come first, other things as art naturally follow. Although the above qualities are but a few of the truly attractive points of Christianity, I believe that in them is the emphasis rightly placed.

# *Economics a Basic Study For Men Declares New Professor*

"Economics, or the science of man in relation to his gaining of a livelihood, is by the very nature of its subject matter, one of the most basic studies which we may undertake," so states Allyn C. Loosley, professor of economics and finance. Mr. Loosley is of the opinion that economics has been, heretofore, the field of economists and statesmen and that the man in the street has been avoided.. "Part of this has no doubt been due," says Mr. Loosley, "to lack of interest, and part to the attitude of earlier economists, who in their works have been inclined to neglect the most important consideration in the whole field of economics—man himself."

The Saint Mary's economics head feels that the elaborate economic laws have made man a "rather insignificant part of the science," and that it has given rise to the appelation, "the dismal science."

**Shift of Emphasis**

There has been a new trend lately, though, and that, says Mr. Loosley, "has been a greater emphasis on man himself." Nevertheless, the economic head is of the opinion that we "still cling rather tenaciously to economic theory as it existed at the beginnings of the science." He says further, "while it is true that great strides have been made in the economic realm, notably by social legislation, there are few that would claim that more than the surface has been scratched. If the present depression does nothing else, it is valuable for the work it has done in turning the thoughts of society at large toward a study of man in his attempts to gain a livelihood.

"It is only by general education along these lines that desirable changes, which will make a repetition of the present economic catastrophe impossible, can be brought about."

In concluding the interview Mr. Loosley stated that "it is the desire of the staff of the department of economics and finance to help the students of Saint Mary's College in their quests for a background which will enable them to aid in the solution of our pressing economic problems."

# Football Squads Roll Up Record

## Gaels Amass 1526 Points in Seven Years

Since 1924 to 1931 inclusive, the Gaels have participated in 77 games; won 62 per cent, lost 12 per cent and tied 3 per cent of the total games. In scoring the Moragans have rolled up 1526 points to their opponents 338, for an average of 20.63 points scored to their opponents 4.56 points scored per contest.

From 1924 to date have been Madigan's best seasons of competition and in 1924 the Gaels won 9 and lost 1. In that year they defeated Southern California 14-10. In 1925 eight games were won and two lost. Cal won 6-0 only after a terrific battle.

The following year was another banner season for the Gaels, for California was defeated by a 26-7 score. It was an undefeated season for the Gaels as they won nine games and lost none. Stanford was defeated in 1927, 16-0, and the Moragans won seven and lost two.

The year after proved to be a low season in football for the Gaels as they dropped four games and won five. U. S. C. emerged on the long end of a 19-6 game with the Gaels that year.

**Lone Gael Scored**

With but one touchdown scored against them for the entire season, the 1929 team will be remembered as a great defensive unit. George Ackerman made All-American tackle that season and his kicking saved much work for the Gaels. Nevada was badly beaten 54-0.

# The Inquirer

By WALTER TRINKAUS

**Question: Do you favor the abolition of minor class officers as suggested in the Collegian last week?**

Kay Mulleda: A president and secretary would be sufficient. Remove the offices of vice-president and treasurer, and let the secretary handle the duties of the treasurer.

Carroll Coughlan: There is no need to abolish the minor class offices. They are harmless. On the contrary there is work for them to do—point it out to them.

**Dave Hinch: No! Furthermore, an unfavorable condition would result if minor class officers' duties were placed in the hands of executive council members. Let the classes be independent; not run by the whole school.**

Edward McSweeney: They should be abolished. The various committees appointed throughout the year should be able to cope with any and all situations that may arise.

**Lawrence Pometta: In my opinion the minor class officers should not be abolished. They are customary and traditional, both in colleges and high schools, so why abolish them? They certainly do no harm and they provide real support in any class activity, besides affording some means of excitement during the period of class elections.**

# Magazine World

By Noel Sherry '35

After reading columns of Floyd Gibbon's ballyhoo the propaganda sick reader will enjoy Yusuke Tsurumi's keenly analytic article, "Japanese Policy and Opinion," in the Summer Yale Review.

Mr. Tsurumi presents something our press has failed to present—the Japanese viewpoint of the recent Manchuria disturbances.

**To fully appreciate contemporary Japan there are three things to be kept in mind: First, the spread of popular education which has made of Japan one of the most literate nations of the globe; second, the political emancipation of the masses which in 1925 enfranchised all Japanese men; and, thirdly, the industrial revolution which has turned the agricultural Japan of 1868 into one of the five industrial powers.**

This last change is especially important. Japan is smaller than California and has a population of 64,000,000. With the exception of South America there is no place for the surplus population to migrate, hence industry must be expanded. Japan is scarce in raw materials, therefore they must be secured in Manchuria which is abundantly rich.

**Mr. Tsurumi maintains that Japan only wants to keep peace in Manchuria to preserve it from the wranglings of petty Chinese warlords, and it cannot be denied that Manchuria has only been prosperous under Japanese control. Reading the article, even though we disagree with Mr. Tsurumi, will help us much to understand a question about which we heard too much propaganda and very few facts.**

* * * * *

Admirers of Edison will find a brilliant sketch of the inventor's life in this month's Harpers: Gilbert Chesterton treats to a page of his paradoxes in "The Phoenix at Dublin," featured in the current America. If you're worried about the prosperity corner Charles Philip's "The American Despair," to be found in the Summer number of Thought, will give you a little more to worry about.

**NEW BOOKS**

Among the books added to the College library are the following:

Xavier: In the Footsteps of St. Teresa.

Menge: Jobs for College Graduates in Science.

D'Arcy (editor): The Life of the Church.

Vassall-Phillips: Apostolic Christianity.

Southard: American Industry in Europe.

Dimnet: What Men Live By.

Gougaud: Christianity in Celtic Lands.

Leverton (editor): Plays for College Players.

Dowd: The Gospel Guide.

Gasparri: Catholic Catechism.

The Rev Henry Ignatius Smith, O P., of the Dominican House of Studies at the Catholic University of America, who will be the speaker in the Catholic Hour of radio broadcasting beginning Sunday, April 3. The Catholic Hour is sponsored by the National Council of Catholic Men and is broadcast over a network of the National Broadcasting Company. (Harris & Ewing.)

# Seventy-Five Sign Up at Band Meet

The first band practice of the semester was held last Monday evening in the auditorium of Lockwood school. The vast turn out was a great surprise to both Manager McTigue and Director Pelletier. Over seventy-five applications have been filed with McTigue including the names of former members as well as those signed up Monday night.

This splendid turn out will give Director Pelletier an excellent opportunity to improve upon the splendid quality already shown by the band.

During the practice McTigue outlined the band events for the present semester. The new additions to the uniforms were discussed and plans were made for the distribution of the "donation-investment" fund tickets, which proceeds will be used to pay for the new equipment. The new drum major, Frank Foge, was introduced to the fellows and—well, we'll hear more about him later.

The members of the drum corps were measured up for the new drum corps uniform. It was also decided that the drum corps and the band will operate as one unit, in order to establish a closer feeling between the members of the band and drum corps, although each unit will have its own drum major.

## Students Dine and Dance At Oakland Ivory Court

Scores of university students, registered for the fall semester at Saint Mary's College and the University of California, have made reservations for the dinner dance tomorrow night at the Hotel Oakland, which has been appropriately entitled an "Autumn Dance."

Feldmen and Jacobsen, the joint leaders and managers of the campus band engaged for the season in the Ivory Court, are popular with students both on the campus of the University of California and at Saint Mary's College, as the band numbers among its twelve members students from both institutions. The boys play thirty-two instruments and have numerous talented trios, duos and single performers who entertain in a big way with music and song numbers between dances.

## Dance

(Continued from page 1)

past dances, and an additional hour of dancing, present indications point to the fact that this year's dance given as a welcome to the frosh class will be the most outstanding of its kind at Saint Mary's College. Dancing will begin at 9 o'clock and is to continue until 1 a.m.

Patrons and patronesses of the dance on next Friday evening will include Mr. and Mrs. Russel Smith, Mr. and Mrs. Philip Murphy, Mr. and Mrs. Jerry Andrews, Mr. and Mrs. Ernest H. Woodfelt, Mr. and Mrs. Louis Le Fevre, and Mr. F. Wm. Feeney.

# Install Officers at K. of C. Meeting

## Rob't Franke Inducted as a Grand Knight

New officers were installed with due ceremony at the first meeting of campus council of Knights of Columbus last Monday.

Edward Heaffey, district deputy of the Tenth district, was present to install the officers.

The following men will serve during the coming year: Grand Knight Robert Franke, Deputy Grand Knight Marvin Miller, Chancellor Joseph O'Reilly, Warden John Hiello, Financial Secretary Ellis Louie, Recording Secretary Oliver Borchard, Treasurer Thomas Walsh, Advocate Louis Johnson, Lecturer Timothy Canty, Trustees Robert Latuda, Neville Massa and Jack Metz, Inside Guard Frank Latuda, and Outside Guard Anthony Resetar.

Rev. Benjamin Bowling, student chaplain, was reappointed as chaplain for the council.

Four members of Berkeley Council of the Knights of Columbus were visitors at the meeting, along with District Deputy Ed Heaffey.

Upon being installed Grand Knight Robert Franke pointed out that the work ahead of the local council will be very difficult, especially that of rounding into shape the plans for the next California state convention which will be held on the Moraga campus.

# Graduate Manager Loses Canine Pet

Graduate Louis Le Fevre was in low spirits Monday and the weather or stock market losses were not the reason. When he was preparing to depart for school Monday morning he discovered his pet dog was missing.

Upon close investigation and search of the house the dog was found poisoned. Strychine poison was administered by some unknown person and Assistant Graduate Manager McAndrews has revealed the culprit.

**Last season a ticket behind the goal post was sold to a fan for the Cal-Saint Mary's game and McAndrews, with the coolness and cunning of Sherlock Holmes, states that person has evened up the score by poisoning Mr. Le Fevre's pet. Bob denys the rumor that he is taking a correspondence course in how to become a detective.**

# Book Review

**Jobs for the College Graduate in Science, by Edward K. Menge, Ph.D., Sc.D., Bruce Publishing Co. Chicago, 1932**

College students interested in science should take keen delight in reading a most comprehensive survey of positions available for them in this field, by the eminent authority, Edward K. Menge. "Jobs for the College Graduate in Science," is in itself a scientific research which serves to enlighten those intending to enter the profession and even makes for interesting reading matter to those who have decided on a different vocation.

Essentially, the book is an attempt to give such specific facts and findings as would be of greatest influence on the minds and hearts of youth, and it is in reality a place wherein one may find out just what he wishes to know regarding the entire field of professional science. Special emphasis is also given on impressing the scientific student that he "must always think first and foremost of the laws and principles underlying science—never of their application."

Most interesting to note during the course of reading the book is that a liberal arts education is invaluable in most departments of science and that it is a specific requirement in many. Consequently, students here at Saint Mary's who are still grovelling in the stifling complexities of ancient Greek dialogues, "juiceless" middle English literature and fickle modernism, might find within the pages of this compact little book that particular type of effort which will enable them to gain happiness and success in some scientific field of endeavor.—Dave Hinch.

**RADIO TALK POSTPONED**

A radio address on prohibition repeal slated for Wednesday night by Brother Leo, Chancellor, was postponed.

The talk was scheduled for station KFRC at 9 o'clock but was postponed in the early part of the week.

# SENIORS TO MEET TODAY AT NOON

Seniors will gather for the first time this semester at 12:25 today for the purpose of electing a member to the executive council and to discuss the senior ring question.

John Murphy

The meeting will be held in Room 201, Dante and, President Jack Murphy is desirous that all seniors be present at this, the first meeting.

Selection of an executive council member is made necessary because of the withdrawal from College of Clement Collins who was elected last semester. Leo Walcom has been acting member to date.

## Brother Agnon Keeps Data of Activities

Filling over one dozen massive volumes, Brother Agnon's scrapbooks are valuable sources of all types of data pertaining to the College. Since 1893 the veteran and beloved Brother has been collecting all kinds of athletic clippings, numerous programs, write-ups on College activities, tales of the alumni, and facts and statistics galore.

For those who do not believe that Brother Agnon is one of the greatest living authorities on the history and activities, all they must do is view his wonderful collection and they will soon discover why he is recognized as a reliable authority.

The lucky student who may glance at the scrapbooks will have the good fortune to gain a vast and valuable collegiate background and a wealth of inspiration.

They may be called scrapbooks, but money cannot buy such a collection, and Saint Mary's is happy to have a person such as Brother Agnon acting in the rôle of College historian.

the Office of the Recorder to be taken

## Campus Roads Undergo Needed Improvements

Has anyone stopped to notice, during the middle of the day, perhaps, the group of gentlemen working on the campus roads? Whether he has or not, it is a fact that the road construction has been placed under the able direction of Mr. Louis Guisto, otherwise known as the baseball coach during the regular sessions.

Coach Guisto was given this position following the excellent work which he supervised on the baseball field during the summer months. So successful was this project completed that it was decided by the superintendent that he would be the logical man for the new job repairing the roads. And again, we notice, work is progressing rapidly and well under his supervision.

Aiding the baseball coach are two more men and the College truck, which is still recognized as such.

# FROM OUR - FILES

1914—Brother Leo obtained a leave of absence on August 30 and departed for the Catholic University of America to study for his degree of Doctor of Literature.

1915—At the first rally of the year, August 28, the change from rugby to American football by Saint Mary's and the University of California was announced. Louis Guisto was elected captain of the first team, with David C. McAndrews as first coach.

1929—College News Bureau was organized by Brother Virgil, and contacts made for regular service to 80 newspapers. James Davis '31 was made student director.

1930—Hundreds of savants and students gathered at the College on August 28 to take part in the Augustinian Academy sponsored by the philosophy department. The gathering marked California's first contribution to world-wide commemorations of the centenary of St. Augustine. Official enrollment figure of the College was set at 674, largest in its history. The Collegian literary department announced its first short short story contest.

# EDITORIALS

### THE ORIENTATION PERIOD IS OVER

What little hazing is done on this campus wound itself down when sophomores and freshmen engaged in the usual melee between the lower classmen last Tuesday.

Both classes had their fun and smoked the pipe of peace at the smoker rally in Madigan Gym in the evening.

The irksome business of initiating freshmen is officially over and now both classes can settle down to the real purpose of their presence here and forget the "collich" capers.

### THE EXCELLENCE AND THE SUCCESS OF THE QUARTERLY

In a message to the alumni in "The Saint Mary's Alumnus," among other pertinent remarks, Brother Leo said concerning the Moraga Quarterly:

"There are two things I should like to call to the attention of the alumni. First, the existence, the excellence and the success of the Moroga Quarterly. This magazine is now entering into its third year as an organ of scholarship and literature. Some of the leading savants of the country are listed among its contributors. Without exception, it is the most ambitious and the most erudite of Saint Mary's College publications.

"The Moraga Quarterly has received wide recognition and high praise. Thus, a practicing lawyer and a graduate of Notre Dame holds that the Moraga Quarterly is superior to the celebrated Yale Review. A reader in England has called it the "Dublin Review of America." Its readers declare that every number is an improvement on preceding issues."

* * * * *

Few are the colleges in the nation that have a publication comparable with the Moraga Quarterly. Under the co-editorship of Brother Leo and Professor Hagerty, in the short span of a few years, this literary periodical has risen to a position of eminence in its field.

Students, as well as alumni, who desire to gain additional intellectual benefits from Saint Mary's will accomplish that end by becoming regular readers of the Quarterly. The price for single copies is fifty cents with the next number off the press the middle of September.

### SPORTS FOR SPORTS SAKE

At the opening rally of the semester last week, Graduate Manager Louis Le Fevre said a few words anent athletic rivalry that should give us something to reflect on during the approaching football season.

In effect, Mr. Le Fevre said that the relationship between Saint Mary's and California was apt to be colored during the next few months by a football rivalry which should be more intense this season than during the last few years.

A healthy rivalry, of course, does much to fill row upon row of stadium seats. It also makes for a colorful and interesting football game. A football game, however, that fosters ridiculous prejudices thwarts its very purpose and acts as a boomerang. Mr. Le Fevre warned against that.

* * * * *

What has been said regarding harmonious relationship with our neighbors in the shadow of the campanile, also may be said of our nearby Catholic institutions, Santa Clara and San Francisco.

Don't let a football game foster a spirit of narrowness. There has been a growing spirit of competition through the years between the Catholic colleges of the bay region that has quickened its pace this year.

A jaundiced rivalry emphasizes that which is least desirable. Amicable relations with students of neighboring institutions should be kept foremost in mind.

# Welcome Frosh!

FROSH BEING WELCOMED TO THE CAMPUS. — Jo Kennedy '33

### SAINT MARY'S, NOT MORAGA

Students who were eligible to vote are to be complimented on their 100 per cent turn-out at the campus precinct last Tuesday.

Every properly registered voter on the campus cast his vote at the polls and demonstrated the proper spirit toward the body politic.

Some students, however, registered but did not register properly and as a result were unable to vote. Instead of giving their residences as Saint Mary's College, they erroneously registered as residents of Moraga. Not being residents of Moraga, they were unable to vote at the primary Tuesday.

There will be opportunity to register for the presidential election which takes place in November, for those who were unable to vote because of giving the wrong residences. Due to the importance of the presidential election, no one should neglect to register and to cast his vote.

Remember, it's Saint Mary's College, and not Moraga.

*The Dante Club, Economic Association, Alpha Pi Gamma Upsilon, Los Quijotanos and the Press Club are in the catalogue if not in action. Perhaps they are waiting for the Gael Annual camera man to set up his tripod before going into the huddle.*

*Add similes: Wideawake as a history class.*

# Moraga Musings

*"The finest experience I have ever had" . . . That is what Professor Allyn Loosley, new economics head says regarding his recent arrival at Saint Mary's. . . . Mr. Loosley comes from the University of California. . . . Voters mark their ballots at the campus polls in the administration building. . . . At the primary in May, Al Smith triumphed with 17 votes to Roosevelt's seven. . . . Oscar Zilch and Brother Agnon also received votes. . . . Gordon Estes and Don Craig are a pair of brawny gridders who turn out essays that click. . . . Edward Smiddy, chancellor's secretary, used to edit the Collegian sports. . . . Imagine!*

Jackie Coogan, a freshman, is cheer leader at Santa Clara. . . . Saint Mary's has it's quota of film stars too. . . . They'll be out on the gridiron though. . . . "That's My Boy" is the title of the picture that Steponovich, Gerardin, Garbo and Dodson appeared in. . . . Dorothy Jordan and Richard Cromwell have the featured roles. . . . Leo Flannigan, a frosh football player, wins honors as the prize commuter. . . . He lives at Belmae Park, in San Mateo County and goes home every day. . . . Gets up at 5:30 in the morning. . . . Spends nearly five hours a day in transit.

Edward McSweeney, secretary to Mentor Madigan, and president of the sophomore class, is our nomination for the busiest student on the campus. . . . Assistant Recorder Art D'Arco is second choice. . . . Millenium: Dev may serve hot food. . . . Members of the ex council tag automobiles parked in front of residence halls. . . . The tariff is one dollar. . . . And no back talk. . . . Seniors meet today for first time. . . . Director Pelletier declares that the band will be considerably improved over last year. . . . The Gael maestro has a new drum major lined up. . . . And the drum corps with new outfits will knock the customers out of their section ZZ seats. . . . (preferred). . . .

Stanley Sass' position in the athletic office has been taken over by Joe Leonard late of the Saint Mary's High "Peraltan". . . . Freshmen made a good showing in the brawl, even if they finished second best. . . . Sixty-two students was the total enrollment here back in 1921. . . . Pansies were flowers in those days. . . . There are more and better cars on the campus today than at any other time in history. . . . And T model Fords are nearly extinct.

# OTHER COLLEGES

By VICTOR LUSINCHI

*Material for this column is rather hard to procure right now. Many colleges, particularly those in the East and Middle West, are not yet in session, and consequently we are receiving but few exchanges.*

University of California—A total of 2,697 new students have registered at California. They are truly a cosmopolitan group. Thirty-seven states in the Union are represented as well as the Argentine Republic, Australia, Canada, China, France, Germany, Japan, Norway and Manchuria. The United States possessions of Guam, Alaska and Hawaii have also sent students.

University of Illinois. — Foreign writers, lecturers and journalists are not the only ones who criticise the American people in harsh terms. The following was printed in the Daily Illini: "The natives of India aren't like Americans. They revere the cow, too, not just the bull." We wonder if the editor had the coming elections in mind.

University of California. — Overshadowing last year's figure, the total number of students enrolled at the University of California has been raised to a new high of 11,543 students.

Of the total amount 2,651 were graduates and 8,892 underclassmen.

S. F. State Teachers' College.—Scientists have often performed heroic acts for the sake of humanity. Lives have been sacrificed, arms lost, and many dangerous risks undertaken. With the true spirit of the scientists, Miss Pickard, assistant professor of biological science at San Francisco State, has been nobly sacrificing her eyebrows to the cause.

The microscopes used at the college did not come equipped with an indicator with which the instructor can show the student particular structure which he is to study, but Miss Pickard found that a hair from her eyebrow makes a very capable substitute.

University of California.—Authorities at California have recently announced that bay region children under 12 years of age will again be the guests of the University at a majority of its football games. The children will be admitted free of charge to six varsity and two freshmen games, but playground and school groups must organize to secure season tickets.

Iowa University.—Editorially the Daily Iowan says: "To deny the right of a college president to sit in the national president's cabinet, as does Ray Lyman Wilbur of Stanford, or to deny the right of a professor to become governor of a state as Wilbur L. Cross of Connecticut, would be to shut off a force in public life which needs to be increased, not diminished. Indeed, to have enforced this distinction would have been to rob the nation of Woodrow Wilson of Princeton."

# OUTLOOKS AND INSIGHTS

By BROTHER LEO

### GOOD OUT OF EVIL

Philsophically-minded Americans have not been slow during the last year or two to point out certain benefits accruing from the much advertised and fairly obvious depression through which this country and the world is passing. They have told us that men turn to less expensive and more wholesome amusements, that because of slender purses they are less prone to eat to excess and drink things that are bad for them, that their own privations and hardships have opened their eyes and softened their hearts to the sufferings around them.

In general, it might be said that one undoubted benefit of the depression is the recognition of the importance of spiritual values and intellectual ideals. During a number of years men had put their trust in material things—in money and in what money will buy, in stocks and bonds and mortgages, in all manner of external display. Now that their material gods have fallen they can better appreciate the salutary influences of religion, of poetry, of art, especially of the habit of reading—a habit which costs little but returns much.

The likeness of God, the life of God, is chiefly in the soul. Truth, beauty, goodness are not matters of dollars and cents; and it is by truth, beauty and goodness that man lives.

### BEING AND DOING

Longinus long ago taught that a good orator must be a good man. Milton believed that to write poetry a man must himself be a true peot. The venerable Brother Benilde, whose process of canonization is now before the Court of Rome, used to say: "Since to make saints is my mission I must be a saint myself."

There is much slipshod work in the world because there are many slipshod workers. Ever so many fine projects are frustrated because the men behind them lack characters consistent, harmonious, complete. If all men were Class A men all work would be Class A work.

When it comes to doing something fools rush in wherein angels fear to tread. On slight provocation or none at all people who have no skill in the art of English composition will essay to write letters or even articles for magazines. With no knowledge of economics they will settle the depression problem. With only a skimpy familiarity with politics they will tell you what is wrong with the Democrats. With no cultivated taste in architecture they will draw plans for a club house; and with not a solitary idea in their heads they will engage in conversation with all comers.

What we are is vastly more important than what we do. Therein lies the justification of a college like Saint Mary's which specializes in men and the making of men.

### DEBATING

One of the cheering signs of the times is the renewed interest in debating manifested by the Associated Students and by the several classes of the College. The man who knows what is best for himself and best for the prestige of Saint Mary's will be unsparing in his efforts to assure the success of the debating team.

A debate is not a fight. Fundamentally it is not even a competitive exercise. It is a discussion between gentlemen on some point of common interest. It brings out all that is best in debaters. It utilizes their knowledge and their personality, their skill in vocal expression, their ability to think on their feet.

We want debating—and plenty of it!

**The ex council stalls on intramural sports but loses no time dawdling on intercollegiate tea dances. . . . "Won't be any intramural football this year" says the council members. . . . And there goes an "if elected" promise. . . . Besides, it would be a shame to tear up that emerald green turf. . . .**

*This is the time of year when freshmen caps disappear from the campus. . . . Wonder if they save them for later years. . . . They make knots on the much maligned Sacramento Northern these mornings. . . . Seventy miles an hour declares the conductor. . . . The campus pool continues to remain the center of attraction what with the continuation of the humidity. . . . Carl Bunce and Matt Brasnyo, of the varsity and freshmen football squads, respectively, put on a clown act instead of a wrestling match at the smoker Tuesday. . . . Nobody had programs to throw. . . .*

The Block SM conducted the brawl with Mike Steponovich as head man. . . . Sophomores ran a good race in the relay. . . . (for the freshmen) . . . The athletic office is resting up for the coming ticket strain which will last until next December. . . . And what a strain! . . .
